# MARKET PROSPECTS FOR STEEL AND RAW MATERIALS

| <b>TABLE OF CONTENTS</b>   | <b>Page</b> |
|--|-------------|
| <b>INTRODUCTION</b>  | <b>1</b>    |
| <b>CHAPTER 1: ECONOMIC AND OTHER ASSUMPTIONS</b>                   | <b>2</b>    |
| MACRO-ECONOMIC ASSUMPTIONS   | 2           |
| Population   | 3           |
| Economic Activity – Long Term                                      | 3           |
| Economic Activity – Short Term                                     | 6           |
| Purchasing Power   | 7           |
| Energy   | 8           |
| Inflation and Interest Rates                                       | 11          |
| Exchange Rates   | 11          |
| <b>CHAPTER 2: STEEL PRODUCT DEFINITIONS AND FORECASTING METHOD</b> | <b>13</b>   |
| GEOGRAPHICAL COVERAGE  | 13          |
| PRODUCT DEFINITIONS  | 13          |
| Definition of Steel  | 13          |
| Chemical Characteristics of Steels                                 | 15          |
| Physical Characteristics of Steels                                 | 18          |
| Steel Product Forms  | 20          |
| Types of Casting and Rolling Processes                             | 28          |
| Downstream Steel Products  | 29          |
| FORECASTING METHOD   | 30          |
| Production Processes   | 30          |
| Forecast Period  | 30          |
| Data Sources   | 30          |
| Units  | 31          |
| Forecasting Method   | 31          |
| <b>CHAPTER 3: STEEL DEMAND</b>                                     | <b>41</b>   |
| FINISHED STEEL CONSUMPTION   | 41          |
| Long-Term Trends   | 41          |
| Forecasts  | 42          |
| Product Mix  | 48          |
| End-Use Applications   | 50          |
| Sensitivity of Forecasts   | 51          |
| <b>CHAPTER 4: STEEL SUPPLY</b>                                     | <b>55</b>   |
| INDUSTRY STRUCTURE   | 55          |
| INTERNATIONAL TRADE  | 60          |
| Finished Steel   | 60          |
| Semi-Finished Steel  | 62          |
| Transport  | 63          |

## TABLE OF CONTENTS

Page

|  |            |
|--|------------|
| CAPACITY   | 65         |
| Definition of Capacity                                   | 65         |
| Changes to Capacity                                      | 67         |
| Current Steel Capacity and Capacity Surplus              | 67         |
| Scale and Configuration of Steel Plants                  | 68         |
| Supply Factors for New Projects                          | 75         |
| Potential Steel Projects                                 | 77         |
| OTHER SUPPLY TRENDS                                      | 79         |
| Product Specialisation                                   | 79         |
| Environmental Issues                                     | 79         |
| STEEL PRODUCTION   | 85         |
| Steel Yields   | 85         |
| Total Crude Steel Production                             | 87         |
| Crude Steel Production by Process                        | 88         |
| Crude Steel Production by Type of Steel                  | 92         |
| <b>CHAPTER 5: STEEL PRODUCTION COSTS</b>                 | <b>93</b>  |
| STEEL PRODUCTION COSTS                                   | 93         |
| Flat Products  | 95         |
| Long Products  | 97         |
| Past Trends in Production Costs                          | 100        |
| Outlook for Production Costs                             | 100        |
| <b>CHAPTER 6: STEEL PRICES AND MARKETING</b>             | <b>121</b> |
| STEEL PRICES   | 121        |
| Types of Steel Prices                                    | 121        |
| Forecast of Steel Prices - Long Term                     | 125        |
| Forecast of Steel Prices – Short Term                    | 129        |
| STEEL MARKETING AND DISTRIBUTION                         | 131        |
| Steel Pricing  | 131        |
| Lead Times for Steel Products                            | 131        |
| Distribution   | 131        |
| Transport Costs  | 134        |
| Stocks   | 135        |
| <b>CHAPTER 7: REQUIREMENTS FOR STEELMAKING METALLICS</b> | <b>136</b> |
| TOTAL REQUIREMENTS                                       | 136        |
| PIG IRON   | 138        |
| Steelmaking Pig Iron                                     | 138        |
| Foundry Pig Iron   | 139        |
| Blast Furnace Technology                                 | 139        |
| New Ironmaking Technology                                | 141        |
| Requirements for Pig Iron                                | 141        |
| Trade in Pig Iron  | 143        |
| Pricing of Pig Iron                                      | 144        |
| DIRECT-REDUCED IRON                                      | 144        |
| Trends in Use  | 144        |

## TABLE OF CONTENTS

|  | <b>Page</b> |
|--|-------------|
| Requirements for DRI                   | 146         |
| Trade in DRI                           | 147         |
| Pricing of DRI                         | 148         |
| <b>STEEL SCRAP</b>                     | <b>148</b>  |
| Trends in Use                          | 148         |
| Requirements for Steel Scrap           | 151         |
| The Scrap Recycling Industry           | 153         |
| Trade in Steel Scrap                   | 154         |
| Pricing of Steel Scrap                 | 155         |
| Forecasts of Prices for Iron and Scrap | 158-160     |

OTHER OPTIONAL CHAPTERS ON IRON ORE AND COAL ARE AVAILABLE ON REQUEST
